POTENTIAL[®]

ZHEJIANG POTENTIAL TOY CO.,LTD

BRIEF INTRODUCTION

Have always devoted ourself to the improvement of children's

Confidence, independence

will power, competitiveness, civism,

Optimism, honesty, love, and social communication, and the creation of a bright life for them.

Zhejiang Potential Toy Co., Ltd is a professional factory which devoted itself to the research and manufacture of high quality toys, such as educational blocks, puzzle toys, children bed, tables, chairs, sports equipment and so on. Since our establishment, quality, customers and loyal business are always our priority. Based on abundant capital and advanced technology, we firmly seize the leadership of the market. We have set up mould design center, marketing center, service center, technology department, production department,, and quality control department.

Recently, our loyal business and reliable product quality are acceptable by more and more customers both domestic and abroad. All the efforts we do, wins us a good reputation and compliment. In the face of the opportunities and challenges after being involved in the WTO, our company continuously enlarge. As the elites join in, advanced equipment, new technology, and import material are equipped. We deserve the CCC, CQC certificate by our strict quality control.

The core philosophy of our company are: we will try our best to satisfy the interests of customers to win customer's satisfaction. We depend on the customer trust to promote the mutual benefit corporate between customers and supplier to access our enterprise long-term development space ultimately . We will use our ultimate efforts to let every child growth up healthily. Our company aim are: children are the future of our motherland, they are the hope of their parents, we will try our best to build a happy childhood for every child . And let children have their own really suitable toys in their happy childhood .
